Auto. \$ 119 000

I will consider: Newer Class B RV. Diesel. Low miles. Or Newer, regular sized, 4wd pick up, plus cash Or Real estate Or Let me know what you have
Immaculate monster truck built for the auto show. 10,000 miles. \$156,000 invested in this giant. Drives very smoothly. Pictures don't do paint job or size of the truck justice. I'm 6'1" and can't see in the engine compartment. I can't see in the bed either. Too big for me. Still under warranty. Lifetime oil changes purchased from dealer. Custom paint job with deep black with chopped crystal glass flake. Ceramic coating for protection by ceramic pro. Entire underside coated and powder coated. Felt inside the wheel wells. Custom lift professionally done by TVs Diesel Brothers. Tuning and twin turbo and electronics by Powertech Diesel. Five tunes from mild to wild. 14-22 mpg. Custom forged and painted wheels with spike lugs. Must see this truck. For sale or trade. Will consider trades for some real estate or a class B motor home or a smaller low mileage 4wd. Tire kickers not welcome.
