

multifamily homes or land in Orlando, or 34446 zip code, homes, Newer Rv, land in Costa Rica. Open to newer truck etc. Will to alk about most trades
Super views, divided into 10 Acre + lots, road and power available, very low taxes, no red tape as permits not required for building. Just 2 miles from town, some lots have live water on them, will divide into smaller lot size. owner financing if needed. Lots are in a Deed restricted community which I call good neighbor policies, keeps folks from putting in dog kennels or junkyard next to your nice new home. Lots of pictures available upon request, with surveys of all the lots. Wild horse herd runs on the property, great fishing in Jack Fork River, along with prime hunting area. There are super building sites with views to catch the evening sunsets.
