

223 sunshine ln, Decatur, TN, 37322, 3.61 ac, United States

I would take smaller lot. Or multiple lots.
Almost four acers of secluded land. I was told when I bought it there was a septic tank you will have to check city records. City water and a power pole on site. There was a double wide on the property before I bought it. 45 mins from Chattanogga
